the entire show.

Laurel Street

South Dakota's Gold Output.

Pierre, S. D., Nov. 12.—Without giving specific figures State Mine Inspector Treweek, in his annual report to the governor, places the gold production of South Dakota at \$1,000,000 less than last year.

EXPLOSION IN HOTEL

At Least Six Lives Lost in Fire at New Haven, Conn.

BELIEVED GUESTS ESCAPED

Victims All Employees and Their Bodies Were Burned Beyond Recognition—Entire Fire Department Is Called to Extinguish the Flames.

New Haven, Conn., Nov. 12.—At least six lives were lost in a fire that badly damaged the Hotel Garde here. The dead were employees of the hotel. It is believed that the guests escaped.

The fire followed an explosion on the fifth floor in the north wing of the building. The entire fire department was called to the scene before the flames were controlled.

The bodies of the dead were burned beyond recognition. The Garde is one of the largest hotels in the city. One man was killed by falling from a rope. His name was Isaac Levine, a day porter.

VOTES DOWN AMENDMENT

W. C. T. U. Defeats Plan to Limit Holding of Office.

Nashville, Tenn., Nov. 12.—In the National W. C. T. U. convention much time was devoted to consideration of a proposed constitutional amendment which would prevent any national officer serving more than five consecutive terms of one year each. The proposition, after extended debate, was defeated. The report of the committee on resolutions was followed by a long, earnest debate and consideration of the report was not completed. The resolutions committee's report practically endorsed the speech of Mrs. Stevens, the president. It declared for total abstinence, prohibition—state and national—and deplored efforts for reinstatement of the army canteen. A protest is made against liquor advertisements in the United States mail and regret is expressed that the government should sanction the sale of liquor in the canal zone. A single standard of purity, applying to man and woman alike, is declared for. As far as considered the report was adopted.

IMPROVE WESTERN RIVERS

Project Given Impetus at Banquet in Omaha.

Omaha, Nov. 12.—Senators, congressmen, governors and business leaders of the Missouri river valley gathered at the Commercial club here to arouse action toward securing improvement of the Western streams, the union of Omaha, Council Bluffs, Sioux City, Kansas City and St. Joseph. Concerted action was the general theme of the speakers, among whom was Congressman Bede of Minnesota, member of the rivers and harbors committee.

About 200 attended and plans for action were discussed, the co-operation of the members of congress being assured.

UTE INDIAN TROUBLES.

Present Indications Point to Speedy Settlement.

Omaha, Nov. 12.—Latest advices received at local army headquarters from the Thunder Butte country, the scene of the Ute Indian troubles, show that indications all point to a speedy settlement.

Colonel Frank West is still at White Horse with two squadrons of the Second cavalry, but he is in constant communication with Major Sibley at Thunder Buttes by courier.

Supplies for the troops are being ferried across the Missouri between Forest City and Cheyenne agency.

Ventura (Cal.) Bank Closes.

Ventura, Cal., Nov. 12.—The bank of William Collins & Sons of this city has closed its doors and a statement was given out that the bank is taking advantage of the day to day holiday. The bank of Collins & Sons has long been considered one of the most substantial institutions of this county. It has deposits of over \$400,000 from the farmers and business men of this section, but its assets far exceed this amount. The immediate cause of the suspension is the fact that ready money was not obtainable.

Packing Plant Destroyed.

Harrisburg, Pa., Nov. 12.—The large plant of Swift & Co., the Chicago packers, has been completely destroyed by fire, entailing a loss of \$250,000, partly covered by insurance. The fire started in the smokehouse and in less than half an hour had swept through the entire building. The walls of the plant fell, slightly injuring a few of the firemen.

Seven Killed in Mine Cage.

St. Etienne, France, Nov. 12.—An ascending cage in a mine at Rambaud was struck by a descending car and seven of the occupants of the latter were thrown to the bottom of the shaft and killed.

EVERYTHING IN READINESS

Third Russian Parliament Will Open on Nov. 14.

St. Petersburg, Nov. 12.—Preparations have been completed for the opening of the third Russian parliament Nov. 14, which will occur, like the second parliament, in the Tauride palace and with little ceremony. The current reports that Emperor Nicholas would come to St. Petersburg and receive the delegates personally at the winter palace, as on the convocation of the first parliament, are devoid of foundation. The step has been regarded as objectionable. Premier Stolypin and the cabinet ministers will be present. After religious services S. M. Golubeff, vice president of the council of the empire, will read the imperial ukase convoking parliament and a brief greeting from the emperor, which, it is anticipated, will be couched in a warmer tone than his address to the radical second parliament. M. Golubeff will then invite the members to proceed to the election of a president of the house, who, it is expected, will be either Nikolai Akohomyhoff, Octoberist, or Smolensk, or M. Rodzanko, also an Octoberist, of Ekaterinoslav.

ALL QUESTIONS ADJUSTED

Understanding Reached Between Salvador, Honduras and Nicaragua.

Washington, Nov. 12.—An understanding has been reached between the presidents of the republics of Salvador, Honduras and Nicaragua, as a result of which questions at issue have been adjusted and cordial relations have been established between those countries.

The important announcement that a settlement had been reached between the three Central American republics was given out at the state department in telegraph correspondence between President Figueroa of Salvador and President Roosevelt.

In acknowledging the receipt of President Figueroa's telegram President Roosevelt expresses gratification at the outcome and hopes that this circumstance may be the prelude to a cordial agreement between the five Central American republics at the conference about to be held in this city, "by which future misunderstandings may be averted and the welfare and peace of the several republics be permanently assured."

WILL AID CUBAN BANKS.

Governor Magoon Offers to Advance Five Million Dollars.

Havana, Nov. 12.—The condition of the money market making it impracticable for the Cuban banks to secure sufficient funds to meet the requirements of the agricultural and other industries of the island Governor Magoon has issued a decree offering \$5,000,000 in cash from the treasury to the banks at 6 per cent interest. These loans will stand until July 15, 1919. Application for this money will be received up to Nov. 30, but with the distinct provision that the money be applied only to assisting and promoting Cuban industries. As securities the banks are required to deposit in the treasury bonds of the republic of Cuba, of the city of Havana, of the Gas and Electric company of Havana, of the electric railways of Havana and of the United Railways at 10 per cent under the market valuation.

Bankers differ in opinion regarding the probable success of this loan, many of them objecting to it on account of the high rate of interest and the short term.

ROME EXCHANGE CLOSES.

Italian Stock Market Affected by American Flurry.

Rome, Nov. 12.—The financial difficulties in the United States are making their influence felt on the Italian market and the stock exchange of this city, unable to resist the downward tendency, has decided to close. Before doing so, however, a resolution was passed urging the government to help the credit of the country by assisting in the formation of a syndicate of banks to be under government control and by placing at the disposal of this syndicate the sum of \$14,000,000.

FRONTIER DISPUTES.

Peruvians Attack and Rout Brazilian Garrison.

Rio Janeiro, Nov. 12.—News has reached here that a detachment of Peruvian troops recently attacked the Brazilian fort located at Leticia, on the Peruvian frontier. The garrison was put to flight, after which the Peruvians advanced upon and occupied the Brazilian town of Tabatinga. The reason for this aggression is doubtless to be found in frontier disputes. Tabatinga is on the left bank of the Amazon, of which river it is the terminal port of entry.

Due to Business Depression.

Claremont, N. H., Nov. 12.—The 1,000 employees of the Sullivan Machinery company began eight hours per day. The plant has been in operation ten hours daily for several years. President H. L. Copeland of Chicago, who is here, states that the reason for the shorter hours is depression in business.

BRYAN ON POLICIES

Nebraskan Speaks at Milwaukee Jefferson Club Banquet.

ATTACKS FEDERAL CONTROL

Favors State Regulation of Railroads, Enforcement of the Laws Against Trusts, Tariff Revision and Legislation to Prevent Watering of Stock

Milwaukee, Nov. 12.—William Jennings Bryan was the guest of honor at the banquet on the twenty-first anniversary of the Jefferson club of this city at the Plankinton House. Covers were laid for 500 guests. Mr. Bryan, previous to his appearance at the banquet, delivered a lecture at the public service building for the benefit of the Catholic boys' home. Mr. Bryan was received with tumultuous applause on his arrival at the banquet. He responded to the toast "Democracy."

Mr. Bryan discussed the Democratic theory of government as presented by Jefferson, contrasting it with the Hamiltonian theory of centralization, and

WILLIAM J. BRYAN.

In speaking of the spheres of the nation and the state took occasion to condemn the national incorporation of railroads as proposed by the president, saying that however honestly the president intended it it was in the interests of the railroads, which desired not greater federal regulation, but escape from state regulation.

Corporations Should Be Licensed.

He discussed the trust, tariff and railroad questions. On the trust question he favored the enforcement of the criminal laws against the trusts and the enactment of new laws, one of which is known as the license system, to be applied to corporations when they control as much as 25 per cent of the total output in their respective lines. According to this system no one corporation would be permitted to control more than 50 per cent of the total product.

On the tariff question he favored immediate revision, beginning with the tariff on articles which come into competition with trust made articles. Such a tariff, he thought, ought to be entirely removed. He believes that the fear of removal will compel the dissolution of such trusts as are protected by the tariff. He regards a tariff commission as merely an excuse for delay in revision. The protectionists, he said, never favor tariff revision until they are threatened with defeat and then they favor it only to postpone reductions.

On the railroad question he expressed himself as in favor of more stringent regulation, that regulation to take the form of legislation ascertaining the present value of the railroads, preventing the watering of stock and reducing rates. He argued that a reasonable rate would be a rate that would enable the railroads to maintain their stock at par when the road was honestly capitalized.

He discussed the present money stringency, saying that it began with speculation in New York, but that it has extended owing to the timidity of depositors. He thought that this timidity was not justified and that the banks of the West are sound. He favored legislation which, by increasing the security of depositors, would remove even an unreasonable fear.

Other speakers who responded to toasts included Timothy E. Ryan, national Democratic committeeman of Wisconsin; Congressman Charles H. Weiss and James W. Murphy of Wisconsin and John A. Aylward of Madison.

BECKHAM RAPS WATTERSON

Lays Recent Democratic Defeat in Kentucky at Editor's Door.

Lexington, Ky., Nov. 12.—Governor Beckham has prepared a lengthy and ringing reply to the criticisms of Henry Watterson, in which he lays the

Compare Michael's coats with others

We are willing to have a comparison made, at any time, between our coats and any others you may wish to compare them with.

We study the dress question so carefully that we know that we can please you if you want a coat that has style, that will wear and that will cost you a reasonable price. This we claim for our coats.

"MICHAEL'S"

"MICHAEL'S"

blame for the recent Democratic defeat in the state to the door of the Louisville editor. He declares that Watterson has been blowing hot and cold in the same breath and attempting to create strife in the party. He declares that Watterson made a speech at Lexington declaring it was wrong to dash the mint julep away from the lips of the Kentuckians and later, seeing that he had stirred up the temperance people, wrote a lengthy editorial, in which he went back on everything he said.

Run on Savings Bank.

Marion, O., Nov. 12.—A run was made upon the Marion Savings bank as the result of an idle rumor. Depositors went to the bank and demanded their money. The officials paid out money on checking accounts, but took advantage of the sixty-day notice on savings accounts. The bank is capitalized at \$500,000 and the officials say the institution is in good condition.

Several Hundred Hands Affected.

Providence, R. I., Nov. 12.—Many of the jewelry factories here have gone on an eight-hour basis, thus curtailing the schedule twelve hours a week. Several hundred hands are affected.

Argument on Two-Cent Fare Law.

Pittsburg, Nov. 12.—Philadelphia county's appeal from an injunction recently granted the Pennsylvania railroad by the common pleas court of Pennsylvania, declaring the Dunmore 2-cent fare law unconstitutional and confiscatory, was argued before the supreme court of Pennsylvania sitting in this city. The outcome of the argument is of vital importance to the state and attracted many prominent members of the bar.

Shipping Dull on Great Lakes.

Detroit, Nov. 12.—President William Livingston of the Lake Carriers' association said that present indications are that a number of the larger vessels of the Great Lakes will go into winter quarters earlier than usual this year. From other vessels it is learned that the dullness in shipping is due to the financial stringency.

Shoe Factories on Half Time.

Marlboro, Mass., Nov. 12.—The 2,200 employees of the three shoe factories of Rice & Hutchins have been notified that a half-time schedule of work will be inaugurated at once and will continue for an indefinite period.

He Knows

Consult your doctor freely about medical matters. He knows. Trust him. Do as he says. Follow his advice.

Talk with your doctor about Ayer's non-alcoholic Sarsaparilla. Ask him if he prescribes it for pale, delicate children. Ask him if he recommends it when the blood is thin and impure, and when the nerves are weak and unsteady. Ask him if it aids nature in building up the general health. J. C. Ayer & Co., Lowell, Mass.

Letters from J. M. Glunt, who is at Rochester, Minn., with his wife, who was recently operated upon for cancer of the stomach, brings the good news that she is improving rapidly and a complete recovery is expected.

FOR SALE—Ten room house and two lots—bath and all modern improvements all new—for sale at a bargain, 919 Main street. Mrs. Alex McCarthy. 128t3

The funeral of Joseph Scharfen took place from St. Francis Catholic church. It was largely attended, the machinists and the Modern Brotherhood of America attending in a body. There were many handsome floral offerings.

The present indications are that the swamps will freeze before a heavy snow. This is devoutly wished for by all the lumbermen and those having tamarack swamps, as well as by those who wish to burn tamarack wood.

Three first-class barbers at 624 Laurel street. The best of service given to all. 136t2

Mrs. Ida May Paulson, of Minneapolis, will be in Brainerd Wednesday for the purpose of organizing a class in voice culture. Those wishing to study are earnestly requested to apply to Mrs. G. D. LaBar or at this office. 137t2

Conductor John Smith is under the weather with lumbago. Conductor Desch came up from St. Paul on No. 9 last night and took No. 10 out this morning and Mr. Smith went to his home in Morris on No. 90 this afternoon.

H. A. Rollins has increased his force one more chair. 135t2

Amanda, the twelve-year-old daughter of Mr. and Mrs. Nick Greenhagen, of Jenkins, was brought to St. Joseph's hospital today suffering from a fracture of the bones of her right leg. The accident in which she was injured occurred yesterday.

Fred Anderson, of Duluth, died at the Northern Pacific hospital in this city this morning of pneumonia. He was brought here about ten days ago and operated upon for hernia. Pneumonia set in and caused his death. The widow took the remains on this afternoon's train to Duluth for burial.

Mrs. Henry I. Cohen and Mrs. C. M. Patek entertained about fifty of their lady friends at the home of the former, 315 North Seventh street Monday afternoon at a thimble bee. A story was read to the assembled guests by Mrs. Patek and refreshments were served. All present had a very pleasant time.

You must not forget to shake the bottle well before taking Skauges' Never Cough. It will not be necessary to shake yourself any longer coughing. It is truly a wonderful medicine for the chest and lungs. Made, sold and guaranteed by Druggist Skaug, Laurel street. 132tf

Harry B. Van Sickle, agent for the Atlantic and Pacific Tea company now has his store at 414 Front street, completely fitted up. He will carry, beside the line of the Atlantic and Pacific Tea company, a fine line of confectionery, cigars, fruits and tobaccos. He is building up a good sized trade in the Tea company's goods and is also getting a good trade on the other lines. He invites all who enjoy good teas and coffees to try the line sold by him. Either call at the store or stop the Atlantic and Pacific tea wagon on the street and your order will receive prompt attention. Satisfaction is guaranteed.

One Year for Bigamy.
Chippewa Falls, Wis., Nov. 12.—Albert Bates has been sentenced to serve one year in the penitentiary for bigamy. He acknowledged that he had been married often, but thought he had always waited long enough for the preceding wife to get a divorce before he married the next one. He did not inquire about the divorce, but took it for granted that one would be obtained. A sister-in-law with whom he eloped was the latest venture in matrimony undertaken by Bates.

A Universal Word.
One of the first words that a baby says is mamma or mother, and it is not strange, therefore, to find it one of the first and simplest words in every language. There is no word easier for a child to say than "ma" unless it be "pa." In Hebrew and Arabic mother is "em" and "am." It is "mam" in Welsh and "moder" in Anglo-Saxon. In other languages it is slightly different, but near enough like our own word "mother" to make it an almost universal word, so that a child crying in any language could be understood in almost any other language. Here are a few of the names:

Madr in Persian.	Moder in Swedish.
Mair in Sanskrit.	Moder in Danish.
Meter in Greek.	Moeder in Dutch.
Mater in Latin.	Mutter in German.
Madre in Italian.	Mater in Russian.
Mere in French.	Mathair in Celtic.

Odd Use For the Tongue.
The brakeman moaned and sighed, a cinder in his eye.

"I'll tongue it out for you," said the conductor, and he bent over his associate, ran his tongue over the pupil of the man's eye and in a jiffy had out the cinder.

"On railroads, in foundries, in stoke-holes," the conductor said afterward, "wherever cinders get continually in the eye, there everybody extracts them in one way—with the tongue. The tongue removes things better than any instrument would do. It sweeps the eye clean as a flood sweeps a river bed. Further, it is painless. Its passage over the eyeball is, indeed, a rather pleasant sensation. As regards the sensations of the owner of the tongue—well!" — New Orleans Times-Democrat.

A Queer Epitaph.
I may perhaps be allowed an inquiry with regard to a stone said to have been removed from Epworth churchyard within the memory of persons now living, but when or by whom nobody can say. It was to the memory of one Richard Towris, and it bore this inscription:
Who lies here? Who do you think?
Richard Towris, and he liked drink.
Drink? Drink, for why?
Because Richard Towris was always dry.
—London Notes and Queries.

NEW SCHEDULE IS POSTPONED

Regular Service on the Extension of the M. & I. Will Not Start Monday

ONE OR TWO WEEKS DELAY

Chief Engineer Darling of the Northern Pacific Goes up to Examine Roadbed

The opening of the extension of the Minnesota & International from Big Falls to International Falls to regular passenger trains will not take place next Monday as was expected. Delays in the work of ballasting have hindered and the date of the new timetable is as yet uncertain. It will go into effect before the 25th of November and the date may be the 2nd of December.

W. L. Darling, the chief engineer of the Northern Pacific, will come up on the 9 today accompanied by General Manager Gemmell, who is in St. Paul. Mr. Darling will come in his private car and Supt. Strachan, of the Minnesota & International, will meet the party here and with No. 50, the official car of that road will accompany the chief engineer and Mr. Gemmell up to Big Falls. Tomorrow Mr. Darling will inspect the new line. It is expected at the state railway and warehouse commission will make their examination of the line about the 20th of this month.

The shortage of hands has handicapped the work of ballasting the extension, but they are getting plenty of men now and it is hoped that it will be in shape for regular traffic by the 25th, at this is still somewhat uncertain.

A Hard Debt to Pay

"I owe a debt of gratitude that can never be paid off," writes G. S. Clark, of Westfield, Iowa, "for my rescue from death, by Dr. King's New Discovery. Both lungs were so seriously affected that death seemed imminent, when I commenced taking New Discovery. The ominous hacking quit before the first bottle was used, and two more bottles made a complete cure." Nothing has ever equalled New Discovery for coughs, colds and all throat and lung complaints. Guaranteed by J. P. Dunn, druggist. 50c and \$1.00. Retail bottle free.

RAILROAD NEWS

The United States district attorney at Fargo has started sixteen cases against the Northern Pacific railroad alleging that the company violated the statute regarding the length of time cattle can be held in cars without food and water.

FELL DOWN STAIRS

Mrs. Joseph Schwartz, of East Brainerd Has Rib Broken by a Fall Monday Evening

Mrs. Joseph Schwartz, of Northeast Brainerd, met with a painful accident Monday evening, when she stepped backward into an open cellar door, falling to the bottom of the stairs. She had one rib broken and is badly bruised, but Dr. Camp, who is attending her, states that he finds no indications of internal injuries and expects a speedy recovery.

Iola Council, No. 15, Degree of Pocomantas, will give a dance at Columbian hall next Thursday evening. Light refreshments will be served. Everybody cordially welcomed. Tickets 25 cents. 134-136-138

COPPER NEAR HINCKLEY

Another Valuable Metal is Discovered Which Adds to the Wealth of Central Minnesota

Hinckley, Minn., Nov. 11.—An almost solid vein of copper ore has been struck in shaft No. 2 in the mine owned by the Great Northern Copper company, four miles east of here near the Kettle river bridge.

Ore taken from this shaft has been steadily improving. It has been assayed every day as the work has progressed and these assays have showed an average of over fifty pounds of copper to the ton. The last assay shows eighty-six pounds of copper to the ton and the shaft is four sides and the bottom in the vein.

Officials of the company say they have ordered a new eighty horse-power engine, electrical drills and hoisting apparatus and core machine and other necessary machinery. They already have an engine on the ground, a complete blacksmith shop, drills, etc.

J. B. Conger, of St. Paul, president of the company, says that shaft No. 1, located one-quarter mile from shaft No. 2, also promises splendid returns. He says there is no doubt of the strike, and believes they have a valuable mine. The first carload of ore will be shipped next week, and the company expects to ship until spring, when it will erect a mill capable of handling 120 tons of ore a day.

Other shafts are being sunk along the river by other companies, all of which seem confident they have good properties.

He Fought at Gettysburg

David Parker, of Fayette, N. Y., who lost a foot at Gettysburg, writes: "Electric Bitters have done more good than any medicine I ever took. For several years I had stomach trouble, and paid out much money for medicine to little purpose, until I began taking Electric Bitters. I would not take \$500 for what they have done for me." Grand tonic for the aged and for female weaknesses. Great alterative and body builder; best of all for lame back and weak kidneys. Guaranteed by H. P. Dunn, druggist. 50c.

ALMOST A DISCOVERY

East Brainerd Resident Thinks He Has Found Traces of a Prehistoric Race in a Well

A well known resident of East Brainerd almost made a discovery the other night. He is digging a well and when putting in the curbing found what appeared to be a pile of bones sticking out of the quick sand twenty feet below the surface. He was startled somewhat, thinking perhaps he had unwittingly penetrated the sanctity of the final resting place of some aboriginal savage, or perhaps had found traces of a hitherto unknown civilization among the prehistoric races. On taking the curbing from the well and pulling out the wire it was found to be a hoop. Inquiry revealed the fact that the young hopeful of the family had been trudging a hoop while his father was away and it had rolled into the open well. Thus were the hopes of a discovery of scientific interest frustrated.

\$100 REWARD, \$100

The readers of this paper will be pleased to learn that there is at least one dreaded disease that science has been able to cure in all its stages, and that is Catarrh. Hall's Catarrh Cure is the only positive cure now known to the medical fraternity. Catarrh, being a constitutional disease, requires a constitutional treatment. Hall's Catarrh Cure is taken internally, acting directly upon the blood and mucous surfaces of the system, thereby destroying the foundation of the disease, and giving the patient strength by building up the constitution and assisting nature in doing its work. The proprietors have so much faith in its curative powers that they offer One Hundred Dollars for any case that it fails to cure. Send for list of testimonials. Address: F. J. CHENEY & CO., Toledo, O. Sold by Druggists, Take Hall's Family Pills for constipation.

MRS. J. F. DYKEMAN SERIOUSLY HURT

Thrown From Wagon Near Her Home in Dykeman and Wagon Ran Over Her Back

LOWER EXTREMITIES PARALYZED

Will be Brought to Brainerd and Placed in St. Joseph's Hospital for Treatment

Mrs. J. F. Dykeman was very seriously injured in a runaway near her home in Dykeman last Saturday. She with a school teacher and several of the Dykeman children were in a rig when the team ran away throwing them out. Mrs. Dykeman was thrown under the wheels which passed over her back seriously injuring it. Dr. Thabes, who was called states that it is impossible to tell the exact nature of the injuries as yet, but her lower limbs are paralyzed and they fear that her back is broken. She was to be brought to this city today in order that she might be placed in St. Joseph's hospital, where she could have better medical attention than is possible when at her home in the country.

Mr. and Mrs. Dykeman's many friends in Brainerd hope that her injuries may not be as serious as is now feared.

A Significant Prayer

"May the Lord help you make Bucklen's Arnica salve known to all," writes J. G. Jenkins, of Chapel Hill, N. C. It quickly took the pain out of a felon for me and cured it in a wonderfully short time." Best on earth for sores, burns and wounds. 25c at H. P. Dunn's drug store.

D. M. Clark & Co. are agents for the Stewart, Favorite and Monitor base burners. 97tf

WILL RUN TWO CAMPS

Gilmer & Welsh Will go More Heavily Into the Logging Business Than They Did Last Year

The firm of Gilmer & Welsh, of this city, will operate two logging camps this winter. Last year they had only one. Their camps this year will both be located in Cass county, one being on Daggett Brook and the other on Stony Brook.

SAYS IT IS FACT

H. P. Dunn Confirms Guarantee on Hyomei, Cure for Catarrh

The question having been raised as to whether or no H. P. Dunn will refund the money if a Hyomei outfit does not do all that is claimed for it in curing catarrh, we want to state positively that this guarantee is an absolute fact. A guarantee like this is the best proof that can be offered as to the curative powers of Hyomei in all catarrhal troubles. You do not risk a cent in testing its healing virtues. H. P. Dunn takes all the risk.

If you have catarrh, try this wonderful medicated air of Hyomei. It does not drug or derange the stomach, but is breathed through a neat pocket inhaler that comes with every outfit, so that its medication reaches the most remote air cells in the nose, throat and lungs, where any catarrhal germs may be lurking. It quickly destroys them, heals and soothes the irritated mucous membrane and vitalizes the tissues so that catarrh is no longer possible. You can loose nothing by giving Hyomei a trial, nothing but the catarrh and that is good riddance.

The price of the complete outfit is but \$1.00; nothing if it fails to cure. Get an outfit from H. P. Dunn today and begin its use at once. 137-139-143

TELEGRAPHIC BREVITIES.

Snow flurries occurred at Shreveport, La., being the earliest on record at the weather bureau.

The entire business portion of Worland, Wyo., was destroyed by a fire which started in a grocery store. The loss will exceed \$100,000.

Dexter M. Ferry, head of one of the greatest seed firms in the United States and prominent in Detroit (Mich.) business enterprises, is dead.

Jesse Newton Seale, manager of the Northeast lines of the Southern Railway, who was stricken with paralysis at Salisbury, N. C., last Saturday, is dead.

Frank S. Strite, manager of the Pittsburg Car Service association and well known in railroad circles throughout the Southwest, is dead at Pittsburg.

Captain D. H. Mahan has been detached from duty in command of the Indiana and will be assigned as captain of the navyyard at Puget sound Dec. 2.

The treasury department has purchased 200,000 ounces of silver at 58.584 cents per fine ounce, half to be delivered in New Orleans and the other half in Denver.

A German company is now telephoning wirelessly from Nauen to various places in Germany, fifty to sixty miles distant. One of the managers of the company said that conversations had been conducted with extreme clearness and precision.

MUSIC AND DRAMA

Coming Attractions

Soon—Alice in Wonderland.
Nov. 19—Hooligan in New York.
Nov. 21—The Land of Nod.
Nov. 30.—Adeleide Thurston.

"The Land of Nod"

It seems quite in the order of things historical that a great constellation of mimicry music and frolic such as "The Land of Nod" should have a career filled with large personal interest. The spectacle was first produced in Chicago two years after Adams, Hough and Howard, three successful composers and librettists, had united in producing their admittedly best efforts. After a run of a year in Chicago it was taken on tour through the large cities of the middle-west and south. Then it was returned to Chicago where it run for six months. After the second run it was taken to the New York theatre, where it was rebuilt and rehabilitated in every way possible and was just entering upon what was believed to be a record-breaking run on Broadway when the theatre burned. Fortunately the conflagration did not destroy the big scenic effects nor mar the costuming and electrical effects. The bookings at New York theaters were such as to prevent its continued performance there so the Rork company decided to send it on tour for a short season before resuming its metropolitan stay which was so unfortunately interrupted. At Brainerd opera house Nov. 21.

Hooligan in New York

"Hooligan in New York," the new comedy drama which Jas. H. Browne will present at Brainerd opera house on Nov. 19 is one of the greatest laugh producers of the day, besides telling a consistent story. There are fifteen people in the company and all the characters in the famous cartoons will be depicted in the production. Even Hooligan's dog, Flip, will be there and furnish his share of the fun. Flip has been in the hands of one of the greatest animal trainers in the world and is an acting canine of almost human intelligence.

"Bijou"

For Tuesday and Wednesday an extraordinary lot of pictures are being shown, at the Bijou, "The Irrisible Piano," "Runaway Bath Chair" and "99 in the Shade" are intensely interesting and comical.

Noted Lutheran Professor Dead.

Springfield, O., Nov. 12.—Rev. S. A. Breckenridge, seventy-four years old professor of exegitcal theology in Wittenberg Theological seminary and one of the most widely known theologians in the Lutheran church, is dead of heart trouble after a brief illness. He was president of the general synod of the church from 1899 to 1901.

Sporting Goods House Wrecked.

St. Paul, Nov. 12.—Two terrific explosions that shook the adjoining buildings wrecked the W. R. Burk hard sporting goods establishment, entailing a loss of \$30,000. The cause of the explosions is a mystery. Fire followed the terrific blasts, starting in the rear of the building and burning fiercely for a time.

The language with the greatest number of letters in its alphabet is the Abyssinian language, which has 208 distinct characters.

NO DANGER

Scare Over Diphtheria Case in Whittier Building Unfounded Says Dr.

Thabes of the School Board

There has been considerable uneasiness over the report of diphtheria in the Whittier school building but the scare has apparently been entirely unwarranted. The facts as given to THE DISPATCH by Dr. Thabes, are these. Saturday night Mrs. Warner, wife of the janitor, who lives in the basement, returned from a Salvation Army meeting and found one of the children sick. She called up Dr. Thabes and he told her what to do for the child. The next morning she called him up again and told him that the child was better. She said, however, that the child had a sore throat and Dr. Thabes went over at once and found the child suffering from a mild case of diphtheria. Head-administered anti toxin at once and the child is now practically well. Dr. Thabes at once removed the family from the building and called in Dr. Beise, the county physician, who thoroughly disinfected the entire building, though the child had been in but one room of the basement while sick. The scare is thought to have been aggravated by the fact that one of the other Warner children was sick about a week before with the gripple and the report got circulated that this same child had been sick for a week before being quarantined. Such however, was not the fact.

Appendicitis

Is due in a large measure to abuse of the bowels, by employing drastic purgatives. To avoid all danger, use only Dr. King's New Life Pills, the safe, gentle cleansers and invigorators. Guaranteed for headache, biliousness, malaria and jaundice, at H. P. Dunn's drug store. 25c.

"So you don't share the general indignation toward the railways?"

"No," answered Farmer Cornstossel; "I have always felt that a locomotive was entitled to a lot of credit for sticking to the track instead of snorting up and down the country roads like an automobile."—Washington Star.

So be sure and come while this sale lasts

Special values in Natural Mink, Black Lynx, Japanese Mink and hundreds of other stylish and up-to-date furs at greatly reduced prices.

You may select your furs and by paying a small deposit you may have them delivered at any time.

MRS. J. K. PEARCE

BUSSE SIGNS ORDINANCE.

Chicago Telephone Company Secures Franchise Extension.

Chicago, Nov. 12.—By affixing his signature Mayor Busse has made effective an ordinance, passed by the city council early last Friday morning after an all day and all night session, granting to the Chicago Telephone company an extension of its franchise until Jan. 8, 1923, and put an end to negotiations between the company and the city which began Dec. 18, 1905, and which have continued since that date.

The ordinance requires the telephone company to pay to the city 3 per cent of the gross receipts from local business and to allow a discount of 25 per cent from current rates on telephones for municipal uses. Rates to subscribers are readjusted and materially reduced. The city reserves the right to terminate the grant and to purchase the lines upon twelve

That our American forests abound in plants which possess the most valuable medicinal virtues is abundantly attested by scores of the most eminent medical writers and teachers. Even the untutored Indians had discovered the usefulness of many native plants before the advent of the white race. This information, imparted freely to the whites, led the latter to continue investigations until to-day we have a rich assortment of most valuable American medicinal roots.

Dr. Pierce believes that our American forests abound in most valuable medicinal roots for the cure of most obstinate and fatal diseases. If we could properly investigate them and in the process of this conviction, he points with pride to the almost marvelous cures effected by his "Golden Medical Discovery," which has proven itself to be the most efficient stomach tonic, liver invigorator, blood purifier, and blood cleanser known to medical science. Dyspepsia, or indigestion, torpid liver, functional and even valvular and other affections of the heart yield to its curative action. The reason why it cures these and many other affections, is clearly shown in a little book of extracts from the standard medical works which is mailed free to any address by Dr. R. V. Pierce, of Buffalo, N. Y., to all sending request for the same.

Not less marvelous, in the unparalleled cures it is constantly making of woman's many peculiar affections, weaknesses and distressing derangements, is Dr. Pierce's Favorite Prescription, as is amply attested by thousands of published testimonials contributed by grateful patients who have been cured by it of catarrh of the bladder, painful periods, irregularities, prolapsus, and other displacements caused by weakness, ulceration of uterus and kindred affections, often after many other advertised medicines, and physicians had failed.

Both the above-mentioned medicines are wholly made up from the glyceric extracts of native medicinal roots. The processes employed in their manufacture were original with Dr. Pierce, and they are carried on by skilled chemists and pharmacists with the aid of apparatus and appliances specially designed and built for this purpose. Both medicines are entirely free from alcohol and all other harmful, habit-forming drugs. A full list of their ingredients is printed on each bottle wrapper.

months' notice in 1819 or in 1921 on the basis of payment to the telephone company for only such tangible property as might be necessary for the continuance of the telephone business.

Lively protests by city and commercial clubs and organizations followed the action of the council in passing the ordinance. Special meetings within the organizations and a mass meeting were held and resolutions

FREDERICK A. BUSSE.

asking that the mayor exercise his veto power were drawn up and presented.

The chief objections cited were that the rates provided for in the new measure were excessive and the terms of possible purchase by the city unjust; alleged undue haste in passing the ordinance; failure to sufficiently investigate the claims of a rival company and the absence of provisions compelling connections with independent companies.

FEDERATION OF LABOR.

Twenty-seventh Annual Convention in Session at Norfolk, Va.

Norfolk, Va., Nov. 12.—The first session of the American Federation of Labor, which began its twenty-seventh annual convention at the Jamestown exposition, was devoted to speechmaking and the reading of reports. When adjournment came President Gompers, Secretary Morrison and Treasurer Lennen had submitted their reports and a partial report of the credentials committee had been heard.

In response to the addresses of welcome by Governor Swanson and Exposition President Tucker Mr. Gompers paid a tribute to Virginia and to the exposition, holding out the fact that

this is the first exposition of this kind built entirely by union labor. He confined his remarks chiefly to general matters, but toward the end came down to labor principles and said in part:

"I know of no organization that makes so little pretense of patriotism, but in which true patriotism prevails, to such a large extent as in organized labor. We want peace; we love peace and are working for peace. But we are not supine; we know our rights—or we think we do—and we are going to stand for them."

"Liberty stands erect looking the whole world in the face insisting upon equal treatment, equal opportunity and resenting any attempt at injustice or wrong."

Fully 500 members and delegates attended the opening session. A feature of the session was the presentation to Mr. Gompers by H. S. Scott of the Central Labor union of Norfolk with a gavel of oak.

At the afternoon session Mr. Gompers read his annual report. Secretary Frank Morrison read his annual report and also that of Treasurer John B. Lennen.

MORE ARRESTS TO COME

Sensations Probable in French Military Secrets Traffic.

Toulon, Nov. 12.—The police of this city have had a long conference with the other authorities concerning the arrest here of five of the ringleaders of what would appear to be a most important association of international spies which apparently had been carrying on an extensive traffic in military secrets and as a result it is understood that warrants for the apprehension of fifteen more persons are to be issued. The authorities found, among other things, a telegram apparently sent by Ensign Charles B. Ullmo of the French navy to Germany offering to sell that power information concerning the defenses of France. Ullmo was arrested here on Oct. 5 on the charge of being a spy. His arrest created a great stir, particularly as he is a Jew. Examination of his effects showed him to be possessed of many valuable documents.

EXCESSIVE RATES ON HAY

Interstate Commission Orders Reduction on Two Railways.

Washington, Nov. 12.—In the case of Wiemer & Rich of Ledyard, Ia., against the Chicago and Northwestern Railway company, the Chicago, St. Paul, Minneapolis and Omaha Railway company and the Peoria and Pekin Terminal Railway company, involving the reasonableness of the minimum carload weights prescribed by the defendants on shipments of hay to Minneapolis and Pekin, Ill., the interstate commerce commission has decided, in an opinion by Commissioner Clements, that the regulations as to Pekin, Ill., were reasonable, but that the regulations as to hay shipments to Minneapolis were unjust. The defendant was ordered to reduce the carload weight on the latter shipments and to maintain such reductions for at least two years.

Wisconsin Democratic Convention.

Milwaukee, Nov. 12.—The Democratic state central committee has practically decided that a convention will be held some time in February to select delegates to the national convention. The delegates selected at the state convention will be voted for at the primary election to be held in the spring. This plan is in line with the state convention held last year, when a state ticket was chosen to be endorsed at the primaries.

Three Thousand Homeless.

Iquique, Chile, Nov. 12.—Two lives were lost in the fire that visited this port Sunday and destroyed a large section of the residential quarter. They were two little girls and when the bodies were discovered by the distracted mother the unfortunate woman expired from the stress of her emotion. A total of 3,000 people are homeless as a result of the conflagration.

Greene—you often hear of the river falling, but it never seems to hurt itself. Browne—Well, you see, it always falls on its bed.

STREET CARS COLLIDE

Forty Persons Injured in Wreck Near Seattle, Wash.

ACCIDENT HAPPENS IN FOG

Foolhardy Attempt of the Crew of One Car to Steal a Switch on the Other on Single Track Line the Cause of the Collision.

Seattle, Wash., Nov. 12.—Forty men, women and children were injured, twenty-six of them seriously, in a street car accident here when two speeding cars crashed into each other in a dense fog. Seventy-five per cent of the passengers were injured. The accident was due to the foolhardy attempt of the conductor and motorman of a city bound car to steal a switch on an outbound car. The track ran over a trestle above the tide flats and the fog made it impossible for the men in charge of the car to see each other until within a few feet. The coaches narrowly escaped toppling over into deep water. Several of the victims may die, among them Motorman H. T. Huffine, the man who attempted to steal the switch.

The place where the accident occurred is several miles from Seattle on a single track line and the injured were without medical aid until a special relief car arrived.

DAMAGING EVIDENCE.

Cleveland Woman Accused of Murder, ing Her Husband.

Cleveland, Nov. 12.—"My brother lived in deadly fear of his life," Clyde Phillips testified in the preliminary hearing before Justice Brown in which Mrs. Charlotte Phillips is accused of having killed her husband, John J. Phillips, coal operator and broker, the morning of Sept. 2 at their East Cleveland home.

Clyde Phillips, who is a younger brother of the murdered man, also testified that his brother once told him that his wife, Charlotte Phillips, had attempted to kill him with a beer bottle. The testimony has caused a sensation.

Ethel Phillips, the eleven-year-old adopted daughter of Phillips, was also a witness.

Dr. Charles L. Richardson, who was called to the Phillips home a few minutes before Phillips died, said he found a beer bottle upon the stair landing where Phillips was supposed to have been shot. Dr. Richardson also told of assisting Mrs. Phillips in changing Mr. Phillips' clothes and cleaning up the blood.

Loss of Sleep

EXHAUSTED NERVES.
Nature always gives ample warning of approach of nervous collapse, if you can read the signs. Among the earliest indications of nervous exhaustion is inability to rest or sleep. You lie awake and think, think, think, but cannot quiet your brain and nerves to sleep. Opium and narcotics cannot possibly afford more than temporary relief and leave you worse off than before. Cure can only be brought about by the restoration of the nervous system by the use of

Dr. A. W. Chase's Nerve Pills

You can be positively cured of sleeplessness, headaches, and nervous dyspepsia, a step the approach of nervous prostration, paralysis or loco-motor ataxia by the use of this treatment. Be sure to see the portrait and signature of A. W. Chase, M. D., the box, 50 cents at all dealers, or Dr. A. W. Chase Medicine Co., Buffalo, N. Y.

Mrs. C. G. Heckenlively, Angola, Ind., states: "I have used Dr. A. W. Chase's Nerve Pills for sleeplessness and a run down nervous system with excellent results. They put me to sleep in the right way, not by the opiate plan but by their tonic and upbuilding effect on the nerves."
